1 AN ACT Relating to heating oil tank liability protection; amending
2 RCW 70.149.040, 70.149.070, and 70.149.080; and providing an effective
3 date.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 70.149.040 and 1997 c 8 s 1 are each amended to read
6 as follows:

7 The director shall:

8 (1) Design a program for providing pollution liability insurance
9 for heating oil tanks that provides up to sixty thousand dollars per
10 occurrence coverage and aggregate limits, and protects the state of
11 Washington from unwanted or unanticipated liability for accidental
12 release claims;

13 (2) Administer, implement, and enforce the provisions of this
14 chapter. To assist in administration of the program, the director is
15 authorized to appoint up to two employees who are exempt from the civil
16 service law, chapter 41.06 RCW, and who shall serve at the pleasure of
17 the director;

18 (3) Administer the heating oil pollution liability trust account,
19 as established under RCW 70.149.070;

1 (4) Employ and discharge, at his or her discretion, agents,
2 attorneys, consultants, companies, organizations, and employees as
3 deemed necessary, and to prescribe their duties and powers, and fix
4 their compensation;

5 (5) Adopt rules under chapter 34.05 RCW as necessary to carry out
6 the provisions of this chapter;

7 (6) Design and from time to time revise a reinsurance contract
8 providing coverage to an insurer or insurers meeting the requirements
9 of this chapter. The director is authorized to provide reinsurance
10 through the pollution liability insurance program trust account;

11 (7) Solicit bids from insurers and select an insurer to provide
12 pollution liability insurance for third-party bodily injury and

16 heating oil tanks;

17 (9) Implement a program to provide advice and technical assistance
18 to owners and operators of active and abandoned heating oil tanks if
19 contamination from an active or abandoned heating oil tank is
20 suspected. Advice and assistance regarding administrative and
21 technical requirements may include observation of testing or site
22 assessment and review of the results of reports. If the director finds
23 that contamination is not present or that the contamination is
24 apparently minor and not a threat to human health or the environment,
25 the director may provide written opinions and conclusions on the
26 results of the investigation to owners and operators of active and
27 abandoned heating oil tanks. The agency is authorized to collect, from
28 persons requesting advice and assistance, the costs incurred by the
29 agency in providing such advice and assistance. The costs may include
30 travel costs and expenses associated with review of reports and
31 preparation of written opinions and conclusions. Funds from cost
32 reimbursement must be deposited in the heating oil pollution liability
33 trust account. The state of Washington, the pollution liability
34 insurance agency, and its officers and employees are immune from all
35 liability, and no cause of action arises from any act or omission in
36 providing, or failing to provide, such advice, opinion, conclusion, or
37 assistance; ((and))

1 (10) Establish a public information program to provide information
2 regarding liability, technical, and environmental requirements
3 associated with active and abandoned heating oil tanks;

4 (11) Monitor agency expenditures and seek to minimize costs and
5 maximize benefits to ensure responsible financial stewardship;

6 (12) Create an advisory committee of stakeholders to advise the
7 director on all aspects of program operations and fees authorized by
8 this chapter, including pollution prevention programs. The advisory
9 committee must have one member each from the Pacific Northwest oil heat
10 council, the Washington oil marketers association, the western states
11 petroleum association, and the department of ecology and three members
12 from among the owners of home heating oil tanks registered with the
13 pollution liability insurance agency who are generally representative
14 of the geographical distribution and types of registered owners. The
15 committee should meet at least quarterly, or more frequently at the
16 discretion of the director; and

17 (13) Study if appropriate user fees to supplement program funding
18 are necessary and develop recommendations for legislation to authorize
19 such fees.

20 **Sec. 2.** RCW 70.149.070 and 1997 c 8 s 2 are each amended to read
21 as follows:
